## LESS THAN A HUNDRED

The Dead at New Richmond on Account of the Storm.

## MANY YET MISSING.

Everything Is Being Done to Recover the Dead in the Wreck—Two Men Killed by Flying Boards in the Storm.

New Richmond, Wis., June 14.—Two men met their death by flying boards. They were Nicholas Padden, whose head was severed from his body by the end of a plank, and Michael Heffron, whose body was found in his basement cut squarely in half across the abdomen. The sharp edge of some flooring was hurled against him, going clear through the body.

One pathetic incident was the death of a little boy who as yet has not been identified. He was coming down the street with a kodak in his hand when the cyclone arrived and later his body was found several rods from where he had been last seen. The little fellow's head was shockingly crushed.

The supply of coffins ran out early in the morning and at present there are not enough in the city to bury the dead. A sufficient number are on the way from St. Paul, Chippewa Falls, Eau Claire and other places and it is believed that the supply will be ample.

A mass meeting of the various denominations has been called at the Congregational church to arrange some definite plan for holding the funeral services.

As is usual in cases of such disasters, there has been a large influx of disreputable characters and there have been several cases of petty pilfering, but they have not amounted to much. Although it is out of their own state, the St. Paul police officers have done most excellent work in preventing thieving. A large number of detectives in plain clothes are on duty watching the ruins and it is expected the militia will soon have things so well in hand, that the police officers will be withdrawn to their own state.

## ONE THOUSAND KILLED.

One of the Estimates of the Dead in and Near New Richmond.

New Richmond, Wis., June 14.—The exact number of dead from the cyclone Monday evening will never be known. Scores of bodies were cremated by the fire and some 90 bodies recovered will never be identified. Few people can view the remains. The sight is horrifying. Headless, armless and limbless bodies, bodies burned to a black mass, bodies mutilated beyond imagination and bodies half burned up, are the sights that meet the eyes of those looking for their missing friends and relatives.

The dead at this place is still estimated at from 150 to 400. Many people from the country and adjoining towns were in the city at the time of the storm and it will be weeks before the lists can be made up to anything like accurate.

It is estimated that close to 1000 lives were lost in the storm at the various places, most of these being in St. Croix county.

Practically no news has come from the farming portions of county through which the storm passed and which is densely populated.

The property loss cannot be estimated at this time and may never be accurately known. It was almost total for the insurance against cyclones was not carried, and the only small number of places where fire joined in the destruction of property will the business men be at all reimbursed for their losses.

It is the average resident of New Richmond who estimates the loss of life most seriously. They claim hundreds are missing who were incinerated in the ruins. One such is C. A. Nelson, who owned the Columbian restaurant, located on Main street. His estimate of the loss is 400 dead. He says that when the rain storm which preceded the cyclone broke, not less than 20 persons rushed into his place for shelter. He is positive that not more than four besides himself escaped.

Out of 500 houses and store buildings comprising the town, 300 were wrecked by the storm or destroyed by fire. Almost every family has one or more members among the dead, injured or missing, and little groups were seen everywhere searching by the light of lantern or torch for loved ones who may be buried in the piles of debris on every hand.

Rev. Dr. Degman of the Immaculate Conception church, tells a graphic story of the cyclone's destruction and fatal work at New Richmond.

"I was standing on the porch of my house about 6:30 o'clock, which is some

three blocks west of the Omaha station, says Dr. Degman, "with my little nephew. Pointing to the threatening clouds, I said to him: 'Those clouds are cyclonic.' Then I heard a fearful sound. It was like the panting of 50 locomotives on an upgrade. In the southwest was a great whirling, black cloud, coneshaped; the apex in the earth, the funnel in the sky. Already far ahead of the center the air was full of flying debris, splinters, boards, feathers and everything. I told the boy to run and warn the others.

"From all sides the people came running, asking for assistance. I took them and some people from the parish schoolhouse and hurried them into the cellar of my house. They begged for absolution and I knelt down and gave it to them. Even as I prayed the great black cloud of destruction was upon the village. Out of the general and terrific roar I could hear the crashing and hissing sound as house after house collapsed. I ran out and was struck twice by pieces of flying planks. Then the storm was gone.

"It had come from the southwest. It struck and destroyed all the residences lying between it and the Omaha tracks. The depot was right in its path as it crossed the track. It went right up the main street of the town destroying every building in the business center. I immediately began the work of rescue. It was awful. God keep me from seeing the like again. Everywhere moans, shrieks and calls for help were heard. The wounded cried out for prayers. I gave them absolution while assisting in the work of rescue. Catholics and Protestants prayed for them."

Father Degman hastened to the center of the town where the loss of life had been greater. It was hard to tell where to begin work. The people who had escaped turned out with tools, wagons and horses to the work of rescue. It was done systematically. Groups of excited, distressed and brokenhearted men were detailed to work. Whenever a cry for help was heard the sufferer was warned to keep still for fear of displacing some mass that would crush down upon him. The dead were generally taken to the Catholic and Congregational churches, but many were taken to private residences. The moans of the wounded were mingled with the cries of the living as they found their dead.

## CUT IN TWAIN.

One Man's Head Cut Off, Another's Body Cut in Half.

New Richmond, Wis., June 14.—No bodies were recovered from the ruins last night, work being abandoned on account of the heavy rain, which fell during a greater part of the night, and partly by exhaustion of the working parties. Many messages were received offering financial assistance. The total amount thus far offered is only about \$2600. The militia are now patrolling the business section of town and nobody is permitted inside the lines. So many visitors from surrounding country have swarmed around the working parties that it is very difficult for them to work. It is expected that the task of looking for the dead will from now on proceed with greater success.

The number of dead is diminishing and is variously estimated. Some estimates exceed a hundred, but others place it lower. O. W. Mosher, who has been at the head of the relief work, says fully 65 children are still missing, and a large number of adults. His estimate is generally considered too large. The working party expect to find anywhere from 15 to 25 bodies in the basement of the Williams hardware store.

## Kidnapper Pleads Guilty.

New York, June 14.—Belle Anderson, alias Carrie Jones, pleaded guilty in the criminal branch of the supreme

MARION CLARK.

court here to indictment for the kidnapping of Marion Clark. She was remanded.

## Murdered His Stepfather.

Clarksville, Tenn., June 14.—Charles Meriwether, aged 18 years, murdered his stepfather, Jeff Dunlop, in cold blood, near St. Bethlehem, this county. Meriwether first quarreled with his mother about breakfast, and then engaged in an altercation with his brother over the loan of a suit of clothes. Dunlop endeavored to part the brothers, and while he had his back turned Meriwether struck him behind the ear with a stone, dislocating his neck, and causing death in 10 minutes. Meriwether quietly ate his breakfast, smoked a cigar, and then asked if the "old man was dead

## Pure Food....

Is conducive to good health, therefore every careful housewife has a vital interest in pure groceries, and when supplying your table with eatables remember we offer only THE BEST FOOD products, and at prices as low as many get for goods of inferior quality. sure enough." He was arrested and placed in jail here.

## A New Railroad.

Shreveport, La., June 14.—It may be stated on good authority that the construction of another railroad is assured and active operations will begin in a few months, if not weeks. The new railroad will extend from Shreveport down Red river on the Caddo side. The enterprise has the support of ample capital and the gentlemen interested are practical business men.

## A Fatal Cutting.

Texarkana, Tex., June 14.—Andrew Wylie was fatally cut in this city. He received seven strokes from a butcher knife from some unknown person. An arrest has been made.

## Given Three Years.

Palestine, Tex., June 14.—Charley Allen, charged with killing his father-in-law, was sentenced to three years in the penitentiary.

"TIME IS MONEY."

"The Longest Way Round Is Sometimes The Quickest Way Home."

These wise old saws apply to the new fast train service now in effect via the Great Rock Island Route. While not the short line everywhere, we "get there," which is the main point to be considered.

A whole business day saved is one argument. A maximum of comfort by reason of thorough service, modern equipment; rock ballast; in short, an up-to-date railway, are several other arguments to assist you in deciding how and via what route to purchase tickets.

The new schedule is as follows: Leave Fort Worth, 8:25 a. m.; arrive Lincoln, 7:10 a. m.; arrive Omaha, 9 a. m., connecting at latter point with train through Iowa; arriving Des Moines, 4:30 p. m. CHAS. B. SLOAT, G. P. A., C. R. I. & T. Ry., Fort Worth, Tex.

We are making drives  
on Shirt Waists, Em-  
broideries, Parasols,  
Belts, Etc., at

### Singing Conventions.

The Grimes County singing Con-  
vention meets at Bedias, in the  
northern part of that county, Sat-  
urday and Sunday, June 17 and 18.

Arrangements are about perfect-  
ed for the meeting of the Brazos  
County Singers at Reliance next  
Saturday and Sunday, June 17 and  
18. President C. E. Whittington  
is expecting a large crowd with  
delegates from all the churches in the  
county, and urges upon all the  
necessity of bringing plenty of  
song books.

### Improved Cotton Reports.

M. F. Vitopil of Providence  
called on The Eagle while in town  
yesterday. He got some of The  
Eagle's "Sure Fruit" cotton seed to  
plant for experimental purposes.  
He says: "I never saw any more  
squares on cotton than this made.  
It was just loaded. The cotton  
just began to bloom a few days  
ago."

### Oil Mill Improvements.

The work of repairing, cleaning  
up and improving the Bryan oil  
mill has begun under the direc-  
tion of Mr. B. A. Smith and the  
plant will be put in thorough re-  
pair and be ready for work by the  
middle of August or the first of  
September. The improvements  
will include another press making  
five in all, and increasing the ca-  
pacity of the plant one-fourth, or

to seventy-five tons of seed per  
day. A new engine will also be  
put in, which will add immensely  
to the value and capacity of the  
plant.

### Exchange Hotel Arrivals.

The Exchange has had a big run  
of guests during commencement,  
some of whom have not been men-  
tioned. Among them are A P Wil-  
son, Houston; W A Wilson and  
daughter, Belton; F D Perkins and  
H F McDonald, McKinney; Judge  
Norman G Kittrell of Houston; P  
D Oliver, Caldwell; Rev. C. J.  
Mona, Chapel Hill; J. M. Davis,  
Calvert; Hammett Hardy, San  
Marcos; M. P. Rely, Gainesville;  
W. E. Campbell, Greenville; Mr.  
and Mrs. J. L. Hazlett, Miss Edna  
Reinhardt, Miss Velasco Steffen,  
Hearne; and Miss Tallulah Smith,  
Dallas; Houston Cotton, Ennis; G.  
E. Clegg, C. E. Schultz, Trinity;  
Rivers Patout, B. W. Pearce, Navasota;  
Joe Gregg and B. H. Grant,  
Brazos bottom; Dan E. Sims, Pitt  
Bridge; N. V. Dendrick and wife,  
Navasota; C. T. Becker, Brenham;  
Pitt Barnes, St. Louis; W. S.  
Bailey, Tom Field, Angus McEl-  
pine, J. M. Lewis, F. W. Brown,  
Calvert; P. S. Ingram, Hearne;  
William Wilkins, Beeville; Jack  
Steele, Greenville; O. J. Gorman,  
Dallas; Roger Frost, Corsicana; W.  
E. Walker, Paris; P. L. Downs,  
Temple; E. H. Herbert, Beaumont;  
F Moore Austin; D B McCall, Dal-  
las; A A Cottingham, Caldwell; B.  
A Stacy, Houston; Cohen Symphonie  
Orchestra, Brenham; Since Thom-  
as, Dallas; M D Tilson, Temar-  
ana; P S Tilson, College; E P  
Hunter, Huntsville; F W Charske,  
Houston; D C Weston, Hempstead;  
R W Cousins, Austin; E S Peters,

### COLORED MASONS.

They are Holding Their Grand  
Lodge Meeting in Bryan.

The colored Masonic lodge of  
Texas is in session here, having  
commenced Tuesday at noon with J.  
W. McKinney of Sherman, grand  
master presiding; W H Mitchell of  
San Antonio, grand secretary.

There were about ninety or more  
delegates in attendance, represent-  
ing about fifty lodges, and the  
meeting is being held under the  
auspices of the Social The Lodge  
No. 56 of Bryan. A. H. Caldwell  
delivered the address of welcome  
on behalf of the Mayor and the re-  
sponse was made by C. O. Hunter  
of Bastrop. S. L. Alberson deliv-  
ered the welcome address on behalf  
of the lodge; response by A. J.  
Campbell.

The appointment and work of  
committees and reports of officers  
have so far engaged the attention  
of the lodge, these reports being of  
a favorable character as to condi-  
tion, membership, finances, etc., of  
the order.

The most interesting matters in  
connection with the meeting will  
be the selection of the next place  
of meeting and the location for the  
proposed colored Masonic widows  
and orphans' home, and farm. It  
is understood that Sherman, Tem-  
ple and Bonham are after the home  
and have offered donations.

Public exercises of various kinds  
will be held throughout the meet-  
ing, and were held last night at the  
colored Baptist church.

### SHARE OF ONE EACH.

Two Supreme Court Judges of Pennsyl-  
vania Must Be Divided.

Harrisburg, June 14.—For the first  
time in many years Democracy enters  
upon the state campaign assured of the  
success of at least a portion of the tick-  
et. This is due to conditions governing  
the election of two supreme court  
judges next November to fill vacancies  
caused by the death of Judge Williams,  
and the retirement of Chief Justice  
Steerer, next January. No elector is  
entitled to vote for more than one of the  
candidates for this office and as there will  
be two elected each of the great parties  
will get one. Governor Stone will prob-  
ably appoint a Democratic nominee as  
soon as the nomination is certified to the  
state department, in which event he  
would not rank the nomination of the  
Republican State convention which will  
not meet until August or September.  
Ex-Congressman Simon P. Wolverton  
and Superior court Judge Smith of  
Scranton are the leading candidates.

The selection of candidates for offices  
of state treasurer and superior court  
judge, and the making of the platform  
had been almost entirely lost sight of  
in the struggle for the supreme court  
judge. The best feeling seems to prevail  
among the friends of various candidates  
and rivalry thus far has been very  
friendly. Representative William T.  
Creasy of Columbia, is almost certain  
of the nomination of state treasurer.  
All indications point to a 2-day's con-  
vention.

The convention was called to order by  
State Chairman Reilling. Temporary  
Chairman William M. Brinton made a  
brief speech congratulating the Democ-  
racy in the fight of 1896 and 1898. His  
mention of the name of W. J. Bryan,  
the great leader, received the wildest  
applause.

### BRIGHTER TIMES AHEAD.

Business to Cuba Will Open up Early in  
the Fall.

New Orleans, June 14.—The Morgan  
steamship people say there is a big  
movement of cattle to Cuban ports.  
Railroads all report large shipments of  
cattle making for this port en route to  
Cuba. The war almost eradicated the  
cattle in the island and prices cattle are  
bringing there now is said to be very  
fancy; so much so that dealers are mak-  
ing fortunes in the business. Business  
in other lines, said one of the Morgan  
officials, is dull. There will be a few  
weeks of dull business now, but before  
August is over we believe there will be  
quite a large movement of all kinds of  
business to Havana. Cubans are laying  
down their guns now and returning to  
their homes, getting in readiness to re-  
cuperate their lost estates. There will  
be a big movement of lumber and sup-  
plies of all kinds, and it is evident that  
business when fall comes will more than  
make up for deficiencies of past few  
months since the war is over.

### Grain Crop a Failure.

Boston, June 14.—Reports received by  
the Associated Press from various sec-  
tions of New England indicate that the  
present drought is general and destruc-  
tive. The financial loss to farmers will  
be excessive, more practically the grain  
crop in southern New England is a fail-  
ure in regard to yield. In north New  
England the conditions are vastly bet-  
ter than in Massachusetts, Rhode Island  
and Connecticut, but, strange to say,  
the entire coast line is suffering from  
drought, while the interior states get a  
little moisture. On Cape Cod no rain  
has fallen for 35 days except a couple of  
small showers.

### Boat a Million Miles.

Three Hants, Ind., June 14.—"Andy"  
Walker, the veteran Vandallia engineer,  
died here at the age of 68 years. He  
made his last run several days ago to  
Indianapolis, where he became ill, and  
could not bring his train back. He was  
born in Scotland and first ran an en-  
gine over the old Madison road from  
Indianapolis in 1862. His diary shows  
that he was at the throttle for 1,000,000  
miles, and he never had a serious ac-  
cident.

### Governor Voochies Entitled.

Trenton, June 14.—A letter has been  
received by Governor Voochies from  
Governor Rogers of Texas inviting him  
and Attorney General Gray to a confer-  
ence of governors and attorney generals  
at St. Louis Sept. 20 to consider the  
question of trusts. According to Gov.  
Rogers the trust is to be discussed with  
a view of adopting some method to  
"take these in existence into dissolu-  
tion and to prevent their further crea-  
tion."

### On Their Way Home.

Manila, June 14.—The first volunteers  
started home today on the transport  
Newport, the transport carrying the  
Oregon and first volunteer signal corps,  
sailing for San Francisco, from Nagay-  
saki. They are expected to arrive July  
12. The outgoing Oregon troops left 62  
dead from battle and disease, the result  
of the year's campaign. The vessel was  
cheered as it steamed out of the harbor.

### Venezuela Arbitration Commission.

Paris, June 14.—A preliminary and  
informal meeting of the commission en-  
gaged in the Venezuelan arbitration took  
place here at the ministry of foreign affairs.  
The meetings of the Venezuelan com-  
mission will be held in the apartments  
placed at the disposal of the Spanish-  
American peace commission. The first  
formal meeting of the commissioners  
will take place tomorrow morning.

### The Alaskan Question.

London, June 14.—The United States  
ambassador here, Joseph Choate has  
just received from the foreign office a  
communication on the Alaskan ques-  
tion which, it is understood, is satisfac-  
tory for the temporary arrangement of  
affairs.

## MR. AND MRS. G. S. PARKER

Entertain in Honor of Their  
Guests—Dancing Party.

"Mr. and Mrs. George Samuel Parker at home Wednesday evening, June the fourteenth, at eight-thirty o'clock. Dancing."

Such was the invitation responded to last evening by probably one hundred and fifty ladies and gentlemen of this and other cities of the state. Some prominent social function usually follows the commencement ball, and this one was in every way equal if not superior to any ever given here. The guests of honor were Mr. and Mrs. S. J. Bain, Mrs. Ward and Miss Gardner of Berlin, Miss Dickerson of Paris, Miss Astin of Mumford.

An evening with Mr. and Mrs. Parker is always a pleasure such as is only experienced when perfect hospitality combines with elegance of environment. Added to these on this occasion was the presence of such a large number of visitors from other towns supplementing Bryan's charming circle, and making the evening memorably delightful.

Visitors were present from Marlin, Navasota, Brenham, Houston, Paris, Corsicana, Dallas, Waco, Hempstead, Texarkana, Hearne, San Antonio, Ft. Worth, Huntsville, College and other points.

The parlor, library, hall and dining room were thrown into one apartment for dancing and music was supplied by a superb string band from Brenham. Daisies, sweet peas, carnations and ferns were the only decorations which taste could suggest in the presence of the elegant and elaborate interior finish of the apartments.

The conditions for dancing were all the most ardent worshiper of Terpsichore could desire, and the pleasure was indulged far into the night. The beautiful embossed programs, with the letters G. S. P. in monogram and the names of the guests of honor, were preserved by those present as souvenirs of the happy occasion. During intermission patashio cream and macaroons were served.

No social function of commencement has been so much enjoyed, and no one who was present will ever cease to recall with pleasure the courtesy and hospitality of Mr. and Mrs. Parker.

### McGEE-WORLEY.

Prof. Irwin G. McGee and Miss Lillie Worley were married yesterday afternoon at 3:30 o'clock at the residence of the bride's parents, Mr. and Mrs. A. Worley, in this city, Dr. F. M. Law officiating, and left on the afternoon train for Galveston, New Orleans and other cities. They will be at home at Mt. Lebanon, La., after July 1.

Prof. McGee is a native of Texas and principal of Mt. Lebanon College. He and Miss Worley were educated at Baylor university, Waco, where they became acquainted. Miss Worley is a native of this city and an educated and accomplished young lady. Only a few friends were present at the ceremony which was performed by the same minister who solemnized the marriage of the bride's parents, Mr. and Mrs. Worley, in Bryan in 1872.

Prof. McGee expects to move to Texas and will probably take charge of the public school at Gilmer.

The Eagle extends congratulations.

Found—A lady's glove on the College campus. Owner may receive same by calling at this office and paying for this notice. 172

Dr. Frank Lawson of Courtney, is the guest of his sister, Mrs. J. B. Cochran. Mrs. V. R. Hardy is visiting her daughter at Cypress.

Drink Mount Vernon Pure Rye at the Exposition saloon. 160f

## ANOTHER TOWN WIPED OUT

Twelve of the Dead Recovered and the Search Still Going On.

Omaha, June 14.—A tornado struck the village of Herman last evening and wrought fearful destruction. According to reports not a building is left standing in the town. Twelve dead bodies have been found in the street. The fatalities are undoubtedly numerous.

Wires are all down north of Herman and it is not known how much farther north the storm went, but reports are coming to the effect that a large portion of the country north of Herman is laid waste. The entire eastern portion of Nebraska was swept by a terrific rain, wind and electric storm. The streets of Omaha are flooded and the play of the lightning was something fearful.

Additional details are dribbling in concerning the tornado at Herman. Advice state that every building in the town was destroyed except the public school and a small dwelling, both of which are on the outskirts. The force of the wind was terrific, as scarcely one piece of the many structures destroyed was left intact. Wrecked buildings and broken furniture, scarcely recognizable in their dilapidated condition, are strewn around, while dead bodies lie in many places, the corpses are badly disfigured and some of them hardly recognizable.

The relief train from Blair arrived an hour after the storm and the work of gathering in the wounded was begun. In the course of an hour the train pulled out for Blair with 96 injured on board. They were taken to Blair, as there is absolutely no place left at Herman at which treatment can be administered. Many of the injured will die.

It is impossible as yet to ascertain the number of dead, but 12 are known to have been killed and the list will run very much higher.

### Result of the Storm at Herman.

Herman, Neb., June 14.—Ten were killed and about 25 were injured by Tuesday night's tornado. It is thought all persons are now accounted for unless the storm has been more disastrous in the country than is now anticipated. Only two buildings were left in the town whole.

### Heavy Damages Asked.

Waco, June 14.—A novel suit was filed in Judge Scott's court and citations issued, in which the plaintiff claims that his brother, for whom he is guardian, was injuriously and wrongfully charged with lunacy, and in behalf of his brother, the plaintiff claims damages in the sum of \$8,000,000. A number of bankers and merchants of this place are named as defendants in the above remarkable litigation. The case has been regularly docketed for trial.

### Knocked From a Trestle.

Palestine, Tex., June 14.—A man giving his name as Roy Williams of Caldwell, Tex., was brought here to the railroad hospital, having been knocked off a trestle 8 miles south of here by a freight train. He was asleep on the track. There is no chance for his recovery.

### Osage Tribe in Council.

Guthrie, O. T., June 14.—The national council of the Osage tribe is in session at Pawhuska this week. The fullblood members, or the Black Dog faction, are in the majority and are meeting in secret session, denying admission to any of the members elected by the progressive party.

### Indian Skeletons Unearthed.

Hot Springs, Ark., June 14.—Workmen while grading a new county road near the Onachita river, unearthed several skeletons and pieces of Indian pottery, one vessel containing a number of old silver coins. The relics were brought to this city and placed on exhibition.

### Congressman Bland Improving.

Lebanon, Mo., June 14.—Mr. Bland continues to improve and his condition inspires his physicians and friends to hope for his ultimate recovery. The announcement of the proposed visit of Colonel W. J. Bryan on next Sunday, has acted as a tonic to his spirits.

### Struck By Lightning.

Guthrie, O. T., June 14.—Lightning struck the residence of James Klock, near Ella, tearing the house to pieces and seriously injuring the entire family of seven persons. Two daughters are terribly burned and will die.

### Italian General Arrested.

Paris, June 14.—The Italian general arrested at Nice is General Gillette de St. Joseph. He was examining the fortifications on the frontier and a number of plans of fortifications were found on him.

### Another Town Destroyed.

Wisconsin Junction, Wis., June 14.—A courier from Boardman reports that the whole town has been wiped off the face of the earth and many of the inhabitants killed and injured.

### Bernhardt in "Hamlet."

London, June 14.—Sara Bernhardt has arranged to play "Hamlet" on June 29, in the famous theater in Stratford-on-Avon, the town where Shakespeare was born.

### Given Five Years.

Sherman, Tex., June 14.—Oscar Borders, colored, was given five years in the state penitentiary for the theft of ribbon to the value of more than \$50.

### No Smallpox Cases.

Sherman, Tex., June 14.—City Physician Winn's bulletin is to the effect that there are no new cases of smallpox, and have not been for over two weeks.

### Brakeman Was Killed.

Laredo, June 14.—S. Wilson, a brakeman on the Mexican National railroad, fell from his train at Monterey and was killed.

## THE REBELS ROUTED.

American Troops Finally Run Them from Their Position.

## RESISTED STOUTLY.

United States Soldiers Make Quick Disposition of Them as Soon as They Obtained a Strong Foothold.

Manila, June 14.—Before dark Tuesday night the Fourteenth infantry swam the Zapote river, charged and carried the trenches, a heavy fusillade of artillery preparing the way and covering the crosses. The insurgents broke for the woods before the Fourteenth reached them. Almost at the same time the Ninth and the Twelfth crossed a bar of the sea and upon their left flank at a point where a body of marines with maxim guns landed under protection of the ship's batteries and fired upon the enemy's left rear with a demoralizing effect. The Twenty-first crossed the river by a bridge as soon as it could be mended.

Sixty-five dead Filipinos were found in trenches, most of them shot through the head.

Several 5-inch smoothbore guns were captured with ammunition marked "United States navyyard."

After crossing the river the troops were withdrawn with the exception of the Ninth and Twenty-first, these regiments were left with four guns to guard the bridge. As they were being formed into companies the insurgents commenced to fire volleys from the bamboo jungle 300 yards away. The regiments formed into line rapidly and coolly, though under fire and cheering, rushed to the woods, driving the enemy a mile away, the Filipinos disputing every foot. The Fourteenth encamped across the river, the men caring for many of the Filipino wounded.

Eight prisoners were captured. The majority of the Filipinos wore red uniforms.

## THE SULU ISLANDS.

Inhabitants Take More Readily to United States Than All the Rest.

New York, June 14.—President Schurman of the Philippine commission, is expected to gather some valuable information in his proposed visit to the different islands of the archipelago, says a Washington correspondent of The Tribune. While not much is known in Washington of his purposes, the understanding is that he desires to inform himself of the conditions elsewhere than in Luzon, before returning to the United States.

In the bushwhacking of Aguinaldo and his followers around Manila, which makes American military operations necessary, the fact is generally overlooked that other parts of the archipelago have accepted American authority unreservedly and that no trouble is anticipated in establishing government there. It is a curious circumstance that the favorable conditions are said to exist in the Sulu group. President Schurman has not indicated definitely whether it is his intention to visit this group, but the supposition is that he desires to learn the situation there.

In March General Otis reported that the Spanish garrison was still maintained in the group, but this was a temporary arrangement, and the garrison was expected to retire later.

The Sulus are Mohammedans, but they are said to be the most favorable to American authority, and with proper encouragement they are likely to prove tractable. Both American naval and military officers in the Philippines have written interestingly of the prospects in this part of the archipelago. They have been almost unanimous in the opinion that although the people are Mohammedans there were few difficulties in the way of assimilating to American institutions.

Prof. Worcester, during his residence in the Philippines, spent some time among the Sulus, but the other members of the civil commission have had no opportunity to learn by personal investigation, what the prospects are. The reports have been uniform in saying that the sultan was anxious for American protection. Spanish authority, while never established throughout the islands, was nominally acknowledged. The sultan is said to have some advanced ideas of civilization.

T. H. Haynes, a British merchant, said that the conditions attaching to the acquisition of the Sulu islands were different from those relating to the remainder of the Philippines, which had been in absolute possession of Spain. He thought it was to the interest of the United States to establish a system of government which would be productive of harmony between the inhabitants of the islands and their protector. In doing this the prosperity of the natives and the personal welfare of the sultan and the chiefs were all to be considered.

Under the shadowy Spanish dominion the sultan at various times indicated his desire for a British protectorate. He was anxious to have the rich lands opened up by plantations and international trade increased. He also wanted a stated subsidy for his own property to be guarded by the protectorate power. There is nothing to this programme which he had outlined under the theory of a British protectorate which cannot

be carried out under American sovereignty. The scheme which is indicated was similar to that of the British straits settlement in which the government was nominally under a native sultan. The inhabitants of the Sulus are said to be industrious, but they are widely scattered and the native chiefs demand and receive too large a proportion of the fruits of their labor.

## OFFICIALS WAKING UP.

Beginning to Realize There Is a Shortage of Troops at Manila.

Washington, June 14.—The news of the heavy fighting at Manila and adjacent to the navyyard at Cavite, where Admiral Dewey landed his forces more than a year ago, was received with intense interest here. It is evident to the officials that the insurgents now there are far stronger than has been realized, and that they have come to the end of their resources and are making this their last struggle in sheer desperation. Otherwise, it is hard to understand why they should come down to the shore of the bay and fight the warships.

The president is beginning to see what has been apparent to everybody else for several months, that is, if the Philippine insurrection is to be put down at all it must be accomplished through force and plenty of it.

Many people cannot understand why the president has waited so long to reach this conclusion, in view of the months of hard fighting, which Otis' army has experienced and in view of the circumstances which compel the government to fetch the volunteers home.

The American available fighting force in the Philippines has hardly exceeded 15,000 at any time and the absurdity of this little handful of soldiers whipping about 11,000,000 is being realized to the sorrow of the Washington officials.

The narrow escape from a serious disaster Tuesday seems to have aroused the president to a practical view of the situation and maybe troops will be supplied in sufficient number to pacify the archipelago within half a year or more.

## Denied an Offer to Spain.

Brussels, June 14.—The government of the Congo Independent State denies having offered Spain 5,000,000 pesetas for the Canary islands, as announced in a dispatch from Brussels to the Daily Mail of London.

## A WONDERFUL ESCAPE.

A Miner Falls Over One Hundred Feet Without Suffering Any Injury.

Nogales, A. T., June 14.—At Minas Prietas, a mining camp, in Sonora, Emilio Moreno fell down a mining shaft 130 feet deep, without sustaining any injury beyond a few scratches. He leaned against the rail protecting the shaft and went to sleep. Finally, the rail broke under his weight, precipitating him below. At the bottom of the shaft was the steel cage of the hoist. He struck the top of the cage feet first and bent it so the covering and steel frame beneath were thrust out of shape, and blocked the cage in the shaft. The entire top had to be removed and sent to the shop and straightened before the hoist could be used.

About a year ago, the same man pushed a car off into the same shaft, following it himself, without receiving any injury. His horrified associates were making preparations to descend the shaft and bring up a corpse, when Moreno came climbing up the ladder from the bottom. The iron car was bent and battered out of shape, but the man was unharmed.

## ANOTHER BIG STRIKE.

Several Smelters in Colorado Closed on Account of the Strike.

Denver, June 14.—Three thousand employees of trust smelters at Denver, Pueblo and Leadville, walked out at noon today, after having extinguished the fires in the big furnaces and put everything in perfect order for a season of idleness. Within 48 hours, it is predicted, most of the mines of Leadville, Aspen, Creede, Ouray and other mining camps in the state, with the exception of those at Cripple Creek, will be closed, throwing thousands of miners out of employment. All shipments of ore and fuel to smelters have been ordered stopped. As a result many coal miners are preparing to reduce production and some to close. Almost every industry in the state will be affected. The strike is due to the refusal of the American Smelting and Refining company to pay the same wages for eight hours as paid heretofore for 10 or 12 hours.

## Took Shots at Prince George.

Vienna, June 14.—According to a well authenticated report which has reached here, an attempt was made in the outskirts of Canea to assassinate Prince George of Greece, now high commissioner and ruler of Crete. He was shot at twice from behind some rocks, one of the bullets leaving its mark on the cap which he was wearing. One of the would-be assassins was shot down by the prince's escort, while the other escaped. Both were Mohammedans, and this has served to intensify the aversion with which the people of this faith are regarded in Crete.

## The Statue Unveiled.

New York, June 14.—The statue of Chester A. Arthur has been unveiled. It was erected by personal friends of the statesman and is a magnificent piece of work. The statue is of bronze, the pedestal of gray marble. Among those present at the ceremony were Mrs. John E. McElroy sister of President Arthur who presided at the white house during his term.

## A Call.

To the Populists of Brazos County: You are hereby called to meet in mass meeting on the last Saturday in June it being the 24th day of the month, at 1 o'clock p. m. at the courthouse in Brazos county for the purpose of making proper arrangement for the organization of precinct referendum clubs and to attend to such other business as may come before you.

I call your attention to the people party national convention which met at Cincinnati Sept. 5th and 6th last year in which you remember a declaration of principals was adopted and given to the people of the county.

Wharton Baker was nominated for president and Ignatius Donnelly for vice president, subject to the approval of the rank and file of party voting through precinct clubs.

W. J. BROGDON,  
W. W. WEAVER, Chairman.  
Secretary.

## FROM COTTONWOOD.

We have been visited by another rain which was badly needed.

The picnic that was given for the school last Friday was enjoyed by all who attended.

Rev. J. M. Bullock filled his regular appointment last Saturday and Sunday at this place. Visitors are too numerous to mention. They were from Edge, Wheelock, Kurten and Tabor.

Singing Sunday evening was very good with large attendance.

Roy Zimmerman and Misses Emma Hickman and Dollie Elliott were appointed delegates; Mr. T. M. Turner and Miss Effie Ganway as alternates to represent our choir at the Reliance Convention.

Some of the people of this community attended the exercises of the A. and M. College.

Rev. Sewell will begin a protracted meeting at the Christian church the fourth Sunday in this month.

BILL

## NOTICE.

Notice is hereby given that the water and electric light service of those who have not paid their bills will be cut off without further notice unless said bills are paid on or before June 14, as further indulgence cannot be allowed by the company.

Bryan Water, Ice, Light & Power Co.

## Proposal.

Sealed bids will be received to July 18, 1899, by the undersigned committee for the furnishing of 80 cords of good split wood; 60 cords for white school and 20 cords for colored school, bids to be filed with J. A. Myers. Nothing but good wood wanted. Committee reserves the right to reject any and all bids.

J. A. Myers, chairman,  
M. Parker,  
M. H. James,  
173 36 Committee.
